畫家思念法國求學、工作九年的住所兼修復畫作之工作室，著手創作。畫成巧遇老師到訪，深受吸引，極推參賽，一舉奪得第34屆台灣全國油畫展金牌獎！自然不刻意的畫面安排，象徵畫家點滴回憶的堆疊式筆觸，在統一的色調中做不同的光影變化；使得乍看單純的構圖與色彩，卻擁有如此豐富的層次與深度；其作畫的功力，實淬煉自歐洲新古典、印象派宗師畫風，爐火純青。

Chin-Huang Tai Art Exhibition 2014
When the East meets the West

This was the artist's residence that served as the living space as well as the atelier for his painting repair workshop during his nine years sojourn in France. The celebrated painting earned him the Gold Medal in the 34th Annual Taiwan National Oil Painting Competition. We are invited to experience the autumn of France – the sight of changing hues that reflects the fall season, the odor of wet soil in the humid afternoon, the breeze of wind that rustles the leaves. Step back, contemplate and feel the depth beyond its' initial beauty.
